## Order Information and Quotation Guidelines

Continuous Coil Anodizers have their line time, as a service, to sell. Each inquiry has its own anodizing requirements, based on what the end use product will be. The anodizer will offer the film and finish that is satisfactory for that product. Those requirements determine line time and price.

### Pricing Inquiry Checklist

- End use of product
- Alloy, temper, and finish
- The finished appearance (etched or brightened)
- Anodize film thickness (see page 8)
- Color
- Metal dimensions (thickness, width)
- Volume
- Required tolerances for camber, squareness, length and width
- Special packaging protective treatments
- Metal source
- Pricing
- Can be offered per pound
- Can be offered per square foot

---

### Guarantee

Members of the Continuous Coil Anodizers Association guarantee that the anodizing meets all finishing requirements as specified on the order, within commercial tolerances established by the Aluminum Association.

If, after proper maintenance and suitable fabrication, material fails to meet performance requirements, members of the Continuous Coil Anodizers Association will agree to replace or reprocess material.
